JOB OBJECTIVES

1. Getting a chance of working in the Research and Development (R&D) area.
2. Acquiring more job experiences as well as daily life experiences.

EDUCATION

2014 - Present

Student at: Hanoi University of Pharmacy (HUP)
Major: Pharmaceutical Industry
Department: Pharmaceutics

WORK EXPERIENCE

07/2018 – 05/2019

Taking part in the research activities at the Department of Pharmaceutics, HUP.

Name of the project: Researching the process of making and solidifying the self-nanoemulsifying system that contains rosuvastatin.

This job helps me:

- Better understand the job of researching, which requires personal qualities like persistence, diligence and requires a willingness to face up with difficulties.
- Get more quality relationships.
- Acquiring more experiences in the Research and Development area.

Knowledge and experiences gained in detail:

- Skills related to R&D sector as well as basic skills to operate instruments like HPLC, UV-VIS spectrophotometer, spray dryer (SD-05, LabPlant, England), dissolution tester, zetasizer (NanoZS90, England).
- Experiences in carrying out the R&D activities, processing data and reporting results.

ACTIVITIES

2015 - 2016

Member at HUP English Club
Member at HUP Information for You Club

07/2017 - 08/2017

Member at the program: Biking across Vietnam
Website of the program: <http://dapxexuyenviet.com/>

Meaning of the activity:

Help improve the ability of adapting to the changes and challenges, resulting in a more patient personality.

SKILLS

English

Upper-intermediate English learner.
