OBJECTIVE

- I would like to work in a competitive condition which has many challenges in order to learn as well as improve my business skills, communication skills and sales skills.

- Applying these skills and my psychological knowledge about customer needs to become a professional medical representative and to bring sales to the company. Besides, I can earn more for myself.

- In the period of 3 months, I will acquire Professional knowledge. My goal is to become a sale manager and having the trust of the company leaders after 2 years.

SKILLS

Communicating ability, negotiate and present well.

Working with high pressure.

There is a high sense of responsibility.

Working by myself, good teamwork.

Using Word, Excel, PowerPoint well.

Using English.
