ABOUT ME

"I am motivated and passionate clinical pharmacist with a proven academic track record. My biggest goal in life is become a professional researcher in terms of market research and marketing research. With the ability to endure in the face of adversity, I never give up, I keep on fighting until overcoming and reaching my goals. Apart from medicinal knowledge and communication skills I have been accumulating from internships and jobs, co-ordination and co-operation with others as well as leadership abilities are also a plus point of my characteristic."
