114 Phan Van Han, Binh Thanh District, HCMC

Dear Sir/ Madam,

My name is Dinh Thi Nhu Mai. I'm grateful for the opportunity to apply for Medical Representative (MR) position at your company. The MR is an ideal position for me to work in an international company. It also gives me the chance to bring the best treatment options to patients and healthcare professionals as well as donation for the company.

I consider myself to be good qualified for the MR position. I have been as MR for 3 months as a part-time job while studying. So that I gained a lot of experiences and also improved my skills. Despite taking part in several extra-curricular activities, I was able to manage my time and graduated with good result. Plus, planning and coordinating many activities for pharmacy students helped me develop my leadership skills and teamwork ability. Finally, with the sense of decisive and diligent, I believe to bring best things to your company.

With the certain that Sanofi offers an excellent opportunity that can be tailored to my interests, I hope you will consider my qualifications for the opening position.

If there are any questions, please do not hesitate to contact me. Thank you for your consideration.

I look forward to hearing from you and discussing this opportunity further.

Yours faithfully,

Dinh Thi Nhu Mai.
